PROFESSIONAL SUMMARY

Full-stack software developer with a strong foundation in C, C++, Java, and Python, and hands-on experience building low-level systems (custom 3D renderer) and deploying secure full-stack web applications with FastAPI, SQLAlchemy, JWT authentication, database integration, and automated testing.

SKILLS

Languages: Python, C, C++, Java, SQL, JavaScript, HTML/CSS

Some Experience: PHP, C#

Tools: REST API Design, Git, Makefiles, GDB, FastAPI, Flask, Pytest, JUnit 5, SQLAlchemy, SDL, OpenGL, Docker, Cloud Deployment (Render)

Soft Skills: Problem-Solving, Teamwork, Communication, Customer Focus, Critical Thinking, Stress Tolerance

PROJECTS

Helpdesk Ticket System (FastAPI, SQLAlchemy, JWT, SQLite) - ([live link](#))

- Designed and deployed a full-stack helpdesk application with JWT authentication, secure password hashing (bcrypt), and per-user data isolation enforced at the database level.
- Implemented RESTful CRUD/search/PATCH endpoints, query parameter filtering, and automated backend testing with pytest.

3D Software Renderer (C) - ([link](#)) Custom real-time renderer built from scratch using SDL2. Implemented perspective projection, camera controls, triangle rasterization, z-buffering, lighting, and texture mapping.

Financial Activity Manager (Java) - ([link](#))

Menu-based tracker for managing transactions by category with undo support. Implemented using object-oriented design and JUnit 5 testing.

Bank Management System (C++, OOP, File I/O) - ([link](#)) Designed and implemented a console-based banking system in C++ using object-oriented principles, supporting banks, customers, checking/savings accounts, transactions (deposit, withdraw, transfer), interest calculation, and structured file output with a Makefile-based build process.

Flask Market (Python, Flask) - ([link](#)) Full-stack marketplace web app with login, item trading, and Bootstrap styling. Built with Flask, SQLAlchemy, and Flask-WTF.

EDUCATION

Des Moines Area Community College – Ankeny, IA

Associate of Applied Science, Computer Information Systems — 05/2025

- Dean's List: Fall 2023, Fall 2024
- President's List: Spring 2024, Summer 2024, Spring 2025
- Cumulative GPA: 3.97 / 4.00
